The school has skis, boots, poles, climbing skins and backpacks to outfit the entire class. The children will be practicing with this equipment the week before their trip.

Outdoor Education is an integral part of our school curriculum, and all students are expected to participate. Students may not remain on campus while their class is on an Outdoor Ed trip. Starting in Middle School, each trip is graded on a pass/fail basis, and failure to participate will be reflected on the report card and transcript.

RECOMMENDATIONS

Aspen Country Day School backcountry ski Outdoor Ed trips (Fourth, Fifth & Seventh Grades)

- The school will provide breakfasts and dinners and Friday lunch. Students should bring their own lunches for two days (Fourth and Fifth) or three days (Seventh Grade). Please keep the lunches light and nutritious. (G.O.R.P., salami, cheese, dried fruit, etc.) In addition to lunches, please bring some snacks such as fruit bars. NO CANDY allowed on the trip.
- All students should bring two full water bottles, preferably the Nalgene bottles with a screw-on lid rather than bicycle water bottles or Camelbacks, which can freeze. One bottle will be consumed and left on the bus, and each child will leave the trailhead with a full bottle. Please remind your child to begin hydrating the night before the trip.
- Backpacks need to be big enough to carry personal gear and should have a waist belt that fits and rests on top of the hips. If you own a good pack and would prefer to use it, please bring it in to be checked.
- Packs must be kept light by strictly adhering to the equipment list. It is important at this age for students to pack themselves with a minimum of parental help.
- The group will not be traveling in any avalanche terrain and no one will be skiing apart from the group.
- The secret to staying warm in the backcountry is to stay dry. Cotton kills! Avoid sending any cotton clothing. Lightweight wind shell and pants are a must. Leg gaiters are also critical to keep snow out of the boots. Make sure there is a cord on the gaiter to go underneath the boot.
- Blisters on the first day are always a problem. The leaders will be carrying blister kits as well as complete First-Aid Kits. To avoid blisters:
 - An old Huffy trick: try putting duct tape on the heel before leaving home on the first day.
 - Wear 2 pair of warm socks – one thin and one thick. Lace boots tightly.
- Students should dress lightly the first day to avoid overheating. It is a gentle uphill climb carrying a full pack.
- The Tenth Mountain Trail Assn. waiver must be signed by parents and returned to school before the trip. Also, the school's insurance requires the separate waiver on the final page. Print these out and return to school with clear signatures. Students who do not have waivers will not be allowed to participate.

I have read the information provided to me and Minor by 10th Mountain through the group leader concerning the use of the Hut System. I also acknowledge that Hut Operators and their staff have been available to more fully explain to me and Minor the risks, hazards and dangers of skiing, winter travel and use of the Hut System. I understand that skiing to use the Hut System in a wilderness environment in mountainous terrain may require good physical conditioning and a degree of skill and knowledge different from other types of skiing. I and Minor understand that Minor has responsibilities as a skier and backcountry traveler in the winter. **IN ACCORDANCE WITH C.R.S § 13-22-107, I AM VOLUNTARILY ALLOWING MINOR TO PARTICIPATE IN THE USE OF THE HUT SYSTEM WITH FULL KNOWLEDGE OF THE INHERENT RISKS, HAZARDS AND DANGERS INVOLVED AND HEREBY ASSUME AND ACCEPT ANY AND ALL RISKS OF INJURY, PARALYSIS OR DEATH.**
